OBJECTIVE

Motivated and hands on Cyber Security student pursuing a master's in cyber security and strong foundational knowledge in risk management, threat analysis and incident response. Experienced in working with real-world attack simulations via platforms like TryHackMe and Hack the Box. Continuously building skills in SIEM, vulnerability scanning, and security frameworks. I am a fast learner with strong communication skills, eager to join a dynamic team and contribute to protecting digital assets and enhancing security posture.

PROFESSIONAL EXPERIENCE

CUSTOMER SERVICE ASSISTANT | Tesco | Aberdeen, Scotland, United Kingdom

May 2025 – Present

While pursuing my course with another job, I've also been employed part of my time working with the Tesco express staff. There, I was Customer-focused and friendly team player with strong communication and teamwork skills. Reliable, adaptable, and able to manage time effectively while staying calm in fast-paced environments.

- Demonstrated strong teamwork and time-management skills while maintaining composure during peak periods at Tesco.

WEB-TESTER INTERN | Shrewd Business Solutions | India

Feb 2022 – Dec 2022

In my role as a Web Tester intern at Shrewd Business Solutions, I played a pivotal role in ensuring the quality, functionality, and reliability of dynamic web applications built on the MERN stack. By collaborating closely with a diverse team of developers, designers, and project managers, I actively contributed to the successful delivery of top-notch products aligned with client specifications.

- My responsibilities spanned manual and automated testing, focusing on validating user experience, interface design, security, and performance.

TECHNICAL SKILLS

| | |
|--------------------------|--------------------------------------------------------------------------------------|
| INDUSTRY STANDARDS | ISO27001, Cyber Essentials, NIST, CIS controls, PCI DSS, MITRE ATT&CK & OWASP top 10 |
| SIEM TOOLS | Splunk, Arc Sight for log analysis and threat detection |
| VULNERABILITY MANAGEMENT | Nessus, Nmap, Wireshark, Burp suite Endpoint |
| DETECTION RESPONSE | SentinelOne, Crowdstrike, Microsoft Defender |
| ENDPOINT SECURITY | McAfee, Kaspersky, BitDefender |
| NETWORK SECURITY | IDS, IPS, TCP/IP, OSI Model, Firewalls, DDoS |
| PROGRAMMING LANGUAGES | Python, JavaScript |
| WEB TECHNOLOGY | MERN Stack |
| OPERATING SYSTEMS | Windows, Linux, Mac OS |
| LABS | TryHackMe (SOC Analyst path), Hack The Box |

TRAINING & CERTIFICATIONS

- Google Cybersecurity Specialization
- Pursuing CompTIA Security+

EDUCATION

MASTER'S DEGREE | Cyber Security | University of Aberdeen

2025 – 2026

Modules: Information Security Management, Ethical Hacking, Incident Response, Cryptography, Digital Forensics

BACHELOR'S DEGREE | Computer Science and Engineering | SNS College of Technology

2020 – 2024

Modules: Programming languages, data structures, algorithms, operating systems, and computer networks

PROJECTS & LABS

- **THREAT DETECTION & INCIDENT RESPONSE LAB - TRYHACKME**

Completed “SOC Level 1 Analyst Path” covering real-world alert triage, SIEM dashboards, log analysis, and incident escalation.

- **OWASP TOP 10 LAB SERIES**

Used Burp Suite and DVWA to simulate and mitigate OWASP vulnerabilities like XSS, SQLi, and Broken Authentication.

PROFESSIONAL TRAITS

- Strong analytical mindset with a detail-oriented approach to threat analysis.
- Experienced in Agile Workflows.
- Confident communicator with the ability to break down technical issues to non-technical stakeholders.
- Thrive in team-based environments and be equally effective in self-paced learning.
- Comfortable in Agile environments and eager to work in high-paced security teams.
- Good at Relationship Building, Team Collaboration, and Quick Adaptability.
